PSC SC
MAIL / DMS

To The Attention of SC Legislators and Regulatory Agencies:

We live in Tega Cay, SC. You may have heard of us. We are the people fighting for clean water in Lake Wylie for drinking and recreation.

UI/TCWS has trashed our environment with wastewater on our golf courses and by dumping more than 500,000 gallons of sewage into Lake Wylie from January 2013 to January 2014.

DHEC has fined them twice: \$22,000 and \$60,000. Sounds great until you realize that they pass those fines onto us, and the money goes to DHEC and York County.

We can't sue them in small claims courts; they are protected by law as a private company and as a public utility against consumer suits.

We are not only concerned about the quality of water for health reasons, but also for financial reasons. The quality of water affects the value of our property. The economy of South Carolina is also affected. Reportedly a business in Georgia did not relocate here because of this issue.

All we can do is ask you to work for us to rid Tega Cay of this polluting, law-breaking company. We need your help!

Respectfully submitted,

Tom and Jo Remmey
